1947		207,468.70
1948		224,516.78
1949		274,914.50
1950		238,378.75

**BOARD OF SELECTMEN AND SEWER COMMISSIONERS . . .**

**Organization**—The Selectmen and Sewer Commissioners organized on January 16, 1950 as follows: Willis D. McLean, Chairman; John H. White, Clerk; John J. Burke, Howard S. Hanna and William J. Sheehan. During the year 42 regular meetings and 8 special meetings were held.

**Finances**—At the close of the year the bonded debt is \$727,000, an increase of \$5,000 over last year. During the year \$60,000 was paid on outstanding debt. \$65,000 was borrowed during the year, \$50,000 at 1-3/4% for the New Stone School, and \$15,000 at 1% for water extension, Old Post Road. The Excess and Deficiency Account (Surplus Account) has a Credit Balance of \$238,378.75.

**Reserve Fund**—Transfers from this fund, as authorized by the Appropriation Committee were as follows:

Workmen's Compensation	\$ 184.81
Veterans' Benefits	2,350.00
Election and Registration	525.00
Civilian Defense	500.00
Law Department	50.00
Town Hall and Blackburn Memorial	60.00
Total	<hr/> \$3,669.81

**Jury List**—The following were drawn as Jurors during the year: Thomas F. Bannon, Thomas J. Bateson, Bruce A. Crocker, John F. Lazarovitch, John G. Manning, Albert Pare, Charles E. Rafuse, John F. Ryan, John Trickey, Jr., F. Howard White, and Nils Lindequist.

**Board of Survey**—The following hearings were held by the Board of Selectmen, acting as the Board of Survey up to May 15, 1950 when the Planning Board took over the duties of the Board of Survey as required by law.

Date of Hearing	Location	Disposition
February 9, 1950	Old Post Road	Approved
February 9, 1950	Pemberton Street	Approved
February 9, 1950	Cedar Street	Indefinitely Postponed
February 16, 1950	Robbins Road	
February 16, 1950	Gould Street	Approved
April 13, 1950	Marguerite Road	Approved
April 27, 1950	Ext. Pocahontas Street	Approved

**Sale of Land**—By authorization of the Annual Town Meeting, the following property, owned by the Town, acquired

as a result of the foreclosing of rights of redemption was sold, thereby returning the property to a taxable basis:

Sold to	Location	Amount
Harold E. Wilkinson	Summit Avenue	\$205.00
James C. Morse	North Street	360.00
Irving W. Joyce	Cedar Swamp	125.00
Walter Daniel	Spring Street	125.00
Peter Knox	Chestnut Park	250.00

**Police Department**—Leo F. Delaney, John J. Buckley and Joseph J. Burke were promoted from Patrolmen to Sergeants and three new men were added to the Department. Teletype service was installed which has greatly increased the efficiency of the department.

**Veterans Services**—The Board has cooperated with the Thomas H. Crowley Post No. 104 and the Veterans of Foreign Wars, Post 5188 in the maintenance of their respective quarters. Following the acceptances of the roads within the Veterans Housing Project, they have been resurfaced and adequate street lighting has been ordered.

**Water Department**—Fay, Spofford & Thorndike, Engineers of Boston are executing studies and plans for the correcting of inadequacies existing in the department. The Board recognizes the immediate needs of a master plan for additional facilities and the remodeling of some existing facilities. Steps were taken to eliminate the low pressure existing in one part of East Walpole and a 12" main running direct from the Stand pipes through Old Post Road was connected with the distributing system at the intersection of Moose Hill Road and Pleasant Street. Requests will be made in 1951 for funds to secure additional water supply.

## TOWN COUNSEL . . .

In accordance with the vote of the annual town meeting, I have performed all legal work for the Town as set forth in Section 7, and Article 4 of the Charter of the Town. Legal instruments have been drafted, executed and recorded. Opinions both verbal and in writing, have been rendered to the various town officials, boards and committees. At the request of the Board of Selectmen, I have appeared at committee hearings at the State House on bills of interest to the Town.

The Town was made party to several suits both in law and in equity. As a result of construction work on Washington Street, it is anticipated that these matters will be successfully concluded during the course of this year.

RICHARD H. KANNALLY,  
Town Counsel

## In Memoriam

**Stephen A. Conroy**—Born in East Walpole April 20, 1895 and educated in the Walpole Schools. He served in the U. S. Army in World Wars I and II. He joined the Walpole Police Department on April 1, 1925 and prior to this was a member of the Louisville, Kentucky force. He was a Past Commander of the Thomas H. Crowley Post No. 104, American Legion and Past Chef de gare of the Forty and Eight. (Died October 26, 1950)

---

**Ella B. Knobel**—Born in Dedham, lived for forty seven years in Walpole, died November 25, 1950. She was always interested in civic affairs, serving for many years as Business Manager of the Walpole Times. She was formerly active on the Board of Directors of the Walpole Visiting Nurse Association and for the past twenty years was Clerk of the town Planning Board.

**TOWN ENGINEER AND SUPERINTENDENT OF SEWERS . . .**

**HIGHWAY**—This year new highway construction included Pemberton Street from Robbins Road northwesterly to the end of acceptance, South Street from Clinton Avenue to the Kerr Residence, Smith Avenue, Clinton Avenue, Page Avenue, Robbins Road from Elm Street to the V.F.W. Home, Marion Street, a section of Lewis Avenue, a section of Bowker Street and West Street from the Neponset River to a point beyond the residence of James Sullivan.

Smith Avenue, Page Avenue, Robbins Road, Marion Street and a section of Lewis Avenue were scarified, reshaped, graveled and tarred to a width of 24'.

Pemberton Street, South Street, Clinton Avenue and the section of Bowker Street construction consisted of a 24' tar and gravel roadway with proper drainage provided.

Kendall Street Extension was rebuilt this year and provided with proper drainage.

The West Street Construction extending from the Neponset River to beyond the residence of James Sullivan was rebuilt this year. The section from the Neponset River to Spring Street consisted of a bituminous concrete approximately 26' wide. From Spring Street to the Highland Sand and Gravel Company consisted of a mixed in place stone surface and from the Highland Sand & Gravel Company to the end of the construction consisted of a tar and gravel roadway 24' wide. The section from Spring Street to the top of the hill is 30' wide and curbed on the southerly side in order to prevent shoulder scouring. Four separate drain installations were installed on this section and the shoulders loamed.

The following streets were cleaned, patched and then resurfaced: East Street from Kendall Street to Plimpton Street, Common Street from Main Street to Washington Street, Lewis Avenue southerly from Common Street to the end of the penetration, School Street from Common Street to Stone Street, Stone Street from Main Street to School Street, William Street from Main Street to the end of acceptance, Washington Street from the Hollingsworth & Vose Office to the Norwood Line, Riverside Place from Common Street to the end of penetration, Clapp Street's entire length, Ellis Street northerly to the end of penetration, Pleasant Street from Wolcott Avenue to Moose Hill Road, Rhoades Avenue from Washington Street to Wolcott Avenue, Wolcott Avenue from Union Street to Pleasant Street, Diamond Street from Stone Street to the Blessed Sacrament Church, Washington Street Extension, South Walpole from Water Street to the residence of James Lindsay, Bonnie Street from Carpenter Road to Common Street, Pocahontas

Street from Common Street to Ossipee Street, Hutchinson Road from Carpenter Road 280' southwesterly and Clark Avenue from Common Street to the end of penetration. Summer Street from the Railroad Crossing to the residence of Roy Argood and Fisher Street from the residence of John W. Fulton 1850' northerly was surface-treated by mixed-in-place. This treatment was applied by machine and both of these roads were widened materially by this operation.

Upon the completion of Marguerite Road, Carpenter Road, Bonnie Road and Hutchinson Road within the Edgewood Homes Development and the Pocahontas Street Development by the Lewis Realty Company one application of tar was applied to these streets in order to hold them throughout the winter. Sealing coats will have to be applied next year.

Following the completion of the construction of Winthrop, Haynes, Bellingham, Dudley and Vane Streets within the Veterans' Housing Project these streets were penetrated, later sealed and consists of a 24' tar and gravel roadway.

Upon the completion of the 12" water main from Pleasant Street to the standpipes on High Plain Street and a section of the road between Polley Lane and Pleasant Street were graveled, resurfaced, scarified and tarred. Pilgrim way from Polley Lane to Washington Street was repaired in a similar way.

Brush was cut on the following streets: North Street, Fisher Street, West Street, Washington Street, Pine Street, South Street, and Lincoln Road from West Street to Granite Street.

Sidewalk construction consisted of the installation of a new concrete sidewalk on the easterly side of Main Street from Stone Street southerly to Common Street. This new sidewalk was reinforced with granite curbing. A five foot bituminous concrete sidewalk with aprons was installed on High Plain Street from its intersection with East Street to the Old Post Road. Resurfacing of old, dangerous concrete walks was completed in several parts of the Town and repairs made to sunken slabs and aprons.

**EQUIPMENT**—During the year the Town purchased one John Deere Tractor with attachments for loading snow. With the exception of the Austin Western Grader, the 1939 Chevrolet pick-up truck, a 1941 pick-up truck and a 1919 tractor, all other equipment appears to be in a satisfactory condition. Articles have been inserted in the Annual Town Meeting Warrant for the coming year to replace this equipment.

**CHAPTER 90 CONSTRUCTION AND MAINTENANCE** — The construction of Washington Street from the end of the 1949 construction northerly to a point approximately 700' southerly of High Plain Street at a cost of approximately \$18,000 was completed. At the Annual Town Meeting an appropriation of

\$10,000.00 was made for this construction. One-half of the cost having been allocated from the State Highway Fund. This construction was executed by contract. Bids were received and opened by the State Department of Public Works. The following bids were received:

A. Emma Construction Company .....	\$17,571.40
Anthony Simeone & Son, Inc. ....	18,151.30
Colonna Bros., Inc. ....	18,767.90
Sam Lorusso and Sons, Inc. ....	19,313.40
Domenic M. Bernardi .....	20,137.00
William P. Capone .....	22,143.00
Charles Callahan Company .....	22,614.50
Northeastern Construction Company .....	22,916.00
MacIntyre, Anderson, Inc. ....	23,716.15
J. F. White Contracting Company .....	27,861.00

The contract was awarded to the A. Emma Construction Company, 25 Albee Street, Fitchburg, Massachusetts in the amount of \$17,571.40. Construction of this particular job consisted of a mixed-in-place roadway, thirty feet wide. In order to secure proper drainage for this road it was necessary to extend the drain from the Country Club Pond through Peach Street to Washington Street. An appropriation will be requested at the next Annual Town Meeting for the completion of this roadway to High Plain Street.

For the maintenance of Chapter 90 Roads the State and County made grants of \$1,000.00 each. The Town also appropriated \$1,000.00 and the following work was completed: All catch basins and drainage outlets were cleaned on all Chapter 90 Roads. Shoulders on Elm Street were reinforced with accompanying fence repairs. The following streets were resurfaced: Common Street from Main Street to the Old Colony Railroad Bridge and from Shawnee Street to Washington Street and East Street from Kendall Street to Plimpton Street and brush was cut on Elm Street, West Street and Washington Street.

**PARKS AND PLAYGROUNDS**—The entrance to the Bird School grounds off Washington Street was widened this year. Two large Elm trees were removed, the area between the sidewalk and drive was excavated, graveled and surface treated with bituminous concrete. This construction has materially improved the egress and exit to and from the school grounds.

A play area at the rear and a parking area at the south end of the Fisher School was graded and surfaced which corrected a hazardous condition existing there.

In addition to maintaining lawns, tree belts, school grounds, commons and the removal of ashes regularly from all Public

Buildings, this department aided the Highway Department in loaming the shoulders of West Street and the sidewalk on High Plain Street.

The Hockey Rink at Memorial Park was repaired, loamed and seeded and a water service was provided to spray the rink.

Through the co-operation of the Walpole Business Mens' Association a Christmas tree in the Center, one at South Walpole and decorations at the Town Hall maintained the Christmas Spirit as has been our regular practice.

The swimming pool was operated again this year with gratifying results and we were fortunate in securing Gerald Desrosiers to assist the Supervisor, Mr. Graney and Miss Natalie Kemp. Mr. Graney's report will be found elsewhere in this report.

**TREE DEPARTMENT**—This year our elms along the highways were sprayed twice and in two isolated places three times. During the early part of the year some creosoting of Gypsy Moths was executed and dead trees were removed throughout various parts of the Town. Considerable thinning of dead branches was also completed. The Dutch Elm Disease continued to increase this year throughout the State. Eighteen trees affected with this disease were discovered in Walpole this year and these trees were removed and burned. The Dutch Elm Laboratory at Amherst finds that foremost in importance of controlling the Elm Bark Beetle, the disease carrier, is concentrated applications of D.D.T. Application by helicopter is proven far superior to any other method for dispensing this controlling agent and this source of application was used.

**TOWN FOREST**—The Massachusetts Forest and Park Association has for many years sponsored a conference of Town Forest Committees in October of each year. This year the afternoon session was devoted to a trip through our Town Forest and the interest shown was gratifying. The area between the High School and the Neponset River, fire lines along the paths and a section off Washington Street adjacent to the Public Works Dept. were trimmed and cleaned.

**SEWER DEPARTMENT**—Lateral sewer construction completed this year is as follows:

- 300 lineal feet 8" pipe on Lewis Avenue
- 389 lineal feet 8" pipe on Neponset Avenue
- 201 lineal feet 8" pipe on Neponset Avenue Interceptor
- 367 lineal feet 8" pipe on Right of Way off Neponset Avenue

This construction was executed by contract by the low bidder, Dominic DiPietro & Son in the amount of \$8,084.04.

All 5" service connections were installed from the mains to the street lines.

This construction is a total of 1257 lineal feet added to the system this year and makes a net total length of our system 77357.5 lineal feet or 14.65 miles excluding house connections.

Thirty-two house connections were completed making a total of 541 connections to our system.

Several mains and four house connections were cleaned and flushed during the year.

**BUILDING REPAIRS**—In addition to our regular maintenance, major repairs completed during the year were as follows: Bird School, corrected ventilation of classrooms, auditorium and cloakrooms, repaired roof over auditorium, repaired gutters on front of building, installed ten new columns at front entrance, installed two new hot water heaters in two toilets, repaired vacuum pump, replaced four exit doors and installed new ceilings in cloakrooms and one stairwell. Fisher School—whitened ceilings, repaired flushometers and made temporary roof repairs. High School—painted exterior, pointed steps to auditorium, repaired wall on front, installed new stairtreads, repaired vacuum pump, repaired portion of slate roof. Town Hall—painted exterior and repaired tower clock. South Walpole Fire Station—painted outside doors and installed oil burner.

This department repaired and painted fences in various locations throughout the Town and painted all traffic lines.

At the close of the year Frank Kivlin retired from this department. Mr Kivlin served over twenty years of efficient and conscientious service to the Town and will be missed by his associates.

**ELECTRICAL DEPARTMENT**—The total number of inspections this year is as follows:

197	New Homes
244	Oil Burners
131	Electric Ranges
64	Electric Water Heaters
39	Industrial Inspections
6	Calls for Inspections from the Fire Department
57	Calls for Inspections from the Edison Company
104	Calls for Inspections from Home Owners

---

822      Total Inspections

Major electrical services this year consisted of replacing underground cable to the Center Traffic Signal, installed electric water heater in Town Hall, installed new electrical conduit system for police radio and emergency circuit, moved overhead telemeter wires back along Washington Street for new road construction, installed two electric water heaters at the Bird School, removed and replaced all closet fixtures at the Bird School and installed

new lights in unlighted closets, rewired water pump house at Town Buildings on Robbins Road, installed new service and electric range at V.F.W. building, revised the service board at the Fisher School, rewired overhead light circuits at the High School damaged by water leaking in, installed return pump at the Plimpton School, checked the entire electrical system at the pumping station for loose connections and wear and rewired electric range and installed plugs for sewing machines at the Bird School.

**HEALTH DEPARTMENT**—Doctor Francis J. Allendorf administered this department with the same efficient results as in previous years. The duties of this department increased this year due to additional inspection services required to properly maintain health standards.

The Town Dump has been maintained as usual. Garbage has been collected regularly and efficiently.

At the beginning of the year six cases were hospitalized at the Norfolk County Hospital and at the end of the year but four remain for treatment. The Health Officer's Report will be found elsewhere in this report.

**PURCHASING DEPARTMENT**—The preparation of contracts and specifications to supply necessary materials and execute essential contracts required most of the time devoted to this department during the early part of the year.

As the year progressed the time lag between the placing of orders and deliveries increased. This was especially noted in securing metal products. However, by placing our orders early no serious delay affected the efficiency of any department.

**WATER DEPARTMENT**—Due to building activity combined with regular maintenance and construction of additions to our system, the department had a very busy program to carry out and additional personnel had to be added to the department.

Studies were started this year of the present and future water supply requirements, the adequacy of the present source of supply and measures to provide a new ground water supply from a gravel wall well or wells if feasible, the adequacy of present pumping equipment and its suitability for future requirements. These studies are being made by the engineering firm of Fay, Spofford and Thorndike of Boston and when completed will report the steps needed to improve the adequacy of the water main distribution system; also recommendations for new facilities, including a ground water supply, pumping capacity and water distribution pipes and appurtenances together with a master plan of proposed improvements in the water work system and cost estimates for the improvements.

Two lines of wells on the northerly side of Washington Street were replaced, four services renewed and one hundred and sixty new services installed which number surpasses our record for any one year.

The following mains were added to the system:

760 lineal feet 6" main on Coolidge Road  
 1260 lineal feet 6" main on Lewis Park Drive  
 575 lineal feet 6" main on Page Avenue  
 690 lineal feet 6" main on Pocahontas Street  
 2300 lineal feet 6" main on Carpenter Road  
 280 lineal feet 6" main on Hutchinson Road  
 300 lineal feet 6" main on Marguerite Road  
 510 lineal feet 6" main on Bruce Road  
 297 lineal feet 6" main on Charlesgate Road  
 37 lineal feet 6" main on Raymond Street  
 493 lineal feet 6" main on Grant Avenue  
 4800 lineal feet 12" main on Old Post Road  
 2040 lineal feet 12" main on High Plain Street

This construction added 2.53 miles of main to our system.

Hydrants were added as follows:

One on Coolidge Road, one on Lewis Park Drive, one on Page Avenue, one on Pocahontas Street, one on Grant Avenue, one on Washington Street, two on Carpenter Road, one on Bruce Road, one on High Plain Street and four on Old Post Road. Ten hydrants were raised, repaired and painted.

The total amount of water pumped for the year was 489,497,-000 gallons, an increase of 9,419,000 gallons over last year.

## SCHOOL DENTIST . . .

This is my report for the year 1950:

A decrease in dental decay and mouth health improvement was noted in the schools where toothbrushing with penicillin toothpowder took place every day, both in school and at home.

As usual my work consisted of extractions, fillings of both deciduous and permanent teeth; also dental examinations and X-rays whenever the need was indicated.

Extractions			
Deciduous .....	106	Permanent .....	13
Fillings			
Deciduous .....	460	Permanent .....	929
Total Operations .....	1853		
Number of visits .....	639		
Number of patients completed .....	266		

SEYMOUR W. RUSSELL, D.M.D.

**DENTAL HYGIENIST . . .**

This is my report for the year 1950:

The opening of the new Stone School this Fall gave the dental department a new dental clinic. This room was well planned and the substantial town appropriation provided the necessary equipment for a model clinic.

All of the elementary schools are now equipped for adequate dental services.

My time was spent assisting the dentist two days per week, and on the other days with follow-up work, classroom visits and cleaning teeth.

Number of cleanings .....	240
Number of sodium fluorides .....	29

ALICE BOURASSA, D.H.

**SLAUGHTER INSPECTORS . .**

Herewith is our report as Slaughter Inspectors for 1950:

Number of cattle slaughtered and inspected .....	8
Number of hogs slaughtered and inspected .....	24
Number of sheep slaughtered and inspected .....	8
Number of veal slaughtered and inspected .....	5

THOMAS KING

FRANCIS X. MAGUIRE

Slaughter Inspectors.

**MILK INSPECTOR . . .**

Forty licenses were granted to stores and restaurants and eighteen to producers or dealers for sale of milk and cream.

Usual inspections of dairy animals, premises and samples of dairy products were made during the year. Records of microscopic appearance, bacteria count, total solids, percentage of butterfat, and, occasionally flavor, for all licensed dairies show the milk sold here to be very satisfactory.

Five licenses for operation of pasteurization plants were granted. Very little raw milk is sold retail in the town, nearly the entire supply being pasteurized.

One license to manufacture ice cream was issued.

A total of eighty-three dollars in license fees was collected and turned over to the Town Treasurer.

WILLIS H. HOYT,

Inspector of Milk.

**WALPOLE VISITING NURSE ASSOCIATION . . .**

Services Rendered:	
Nursing Visits .....	3,959
Veterans Service .....	83
Child Welfare Visits .....	158
Tuberculosis Visits .....	16
Social Service .....	36
Home Delivery .....	1
Home Operations .....	5
<hr/>	
Total Visits .....	4,258

The Visiting Nurses, as in previous years, have rendered their many services to those in need.

We have been able to care for our Veterans, of both wars, with financial support from the Veteran's Administration. This service is given with certain specifications from the Veteran's Administration. We shall be very happy to help all those in need of our services.

Many families and individuals were helped by the various organizations in this community. This aid is greatly appreciated by those who are helped and it is certainly gratifying to us to be able to call upon them as they are always willing and ready to aid us.

The Motor Corp again helped us tremendously. We thank them for this wonderful service.

We certainly thank the doctors and all those who have co-operated in making our work such a pleasant and satisfying task.

ENICE MASSEI, R.N.

**POLICE DEPARTMENT . . .**

I herewith submit my Annual Report of the Police Department for the year ending December 31st, 1950.

Arrests—174 males, 12 females, 9 juveniles

Arrests made by State Police in Walpole—36 males

Complaints prosecuted in Court—242

Complaints received and investigated—1753

Accidents investigated—220

Persons injured and transported to doctors and hospitals—176

Persons injured fatally—2

Ambulance calls—37

Sudden deaths investigated—9

Escaped inmates of institutions, picked-up and returned—5

Persons committed to State hospitals—9

Lost children found—13

Missing persons located—5

Bank escorts, payrolls, etc.—220

Summonses served for outside departments—83

Bicycles stolen—29

Bicycles recovered—25

Automobiles stolen—8

Automobiles recovered—11

Funeral escorts—55

Lanterns put on dangerous places on the highway—43

Dogs killed on the highway—96

Messages delivered—47

Fire-alarms sounded—66

Doors found open and secured—207

Windows found open and closed—49

Houses checked for persons on vacation—176

During the past year three additional men were appointed to the Department to provide additional protection, allowing two men in a cruising car covering the Town especially in the dangerous hours at night, and covering the station 24-hours per day.

This system has worked out very well, and crime is at a low level in comparison to surrounding towns with only three cases being unsolved. The guilty persons are known to the Police Department who are unable to locate them as yet.

All Officers of the Department were given several hours of revolver and target practice during the summer months, through the kindness of the Walpole Sportsmen's Club allowing the members of the Department to use their out-door rifle range on Lincoln Road under the direction of Kurt Groote, formerly a pistol expert in the U. S. Navy.

**STEPHEN A. CONROY**

Born East Walpole, April 20, 1895

Died October 26, 1950

Patrolman Walpole 1925 - 1950

A refresher course of instruction in the use of the Resuscitator during the summer was given to all members of the Department by First Aid Instructor Joseph McAuliffe of the Norwood Fire Department. This proved very valuable in four different cases during the year where the Resuscitator was needed.

Due to increased traffic on our highways many restrictions on parking had to be put into effect to control traffic and give more people a chance to park for a short period of time and do business in Town.

The plan has worked out very well, and I am deeply grateful to all the motorists who have cooperated in the enforcement of the restrictions for the welfare of all persons concerned.

Because of the large area of our Town the police cars covered 94,576 miles on Police Department work which has increased due to new roads, developments, and additional population. All who call the police station on any emergency are promptly assisted.

Again I would recommend that provisions be made for a detention room to take care of female prisoners and juveniles, as the law does not allow these people to be locked in a cell room.

In closing I wish to express my sincere appreciation to the members of the Department, the Board of Selectmen, the Town Engineer, his staff, the Town Counsel, and the Citizens of the Town for the splendid cooperation given me in handling the police problems and protection of persons and property during the past year.

TIMOTHY A. CULLINANE,  
Chief of Police.

---

## **ANIMAL INSPECTOR . . .**

No cases of Rabies were found among the dog bites investigated.

Herewith is my report as Animal Inspector for 1950:

All cattle coming to herds were inspected and reported to the proper state authorities.

Necessary sanitary and quarantine measures were instituted where necessary.

FRANCIS X. MAGUIRE,  
Animal Inspector.

**BOARD OF ASSESSORS . . .**

We herewith submit our annual report for the year 1950 and for comparison we show the statistics for the year 1949.

	1950	1949
Number of Persons, Partnerships and Corporations assessed on property .....	2,411	2,381
Number of Persons Assessed on Poll Taxes .....	2,785	2,639
Value of Assessed Personal Property .....	\$1,982,932.00	\$1,922,237.00
Value of Assessed Real Estate:		
Buildings \$13,539,994.00	\$12,734,721.00	
Land 2,106,466.00	15,646,460.00	14,802,302.00
	17,629,392.00	16,724,539.00

Rate of Taxation .....	39.60	35.00

**BOARD OF ASSESSORS**

Thomas B. Ahearn, Chairman  
 Fred J. Tetreault  
 William F. Sline, Sr.

## **BOARD OF PUBLIC WELFARE AND BUREAU OF OLD AGE ASSISTANCE . . .**

Your Board of Public Welfare is pleased to report that the budgets approved by Town Meeting were adequate for the needs of recipients during the year of 1950; unlike some types of expenditures, welfare is a matter of emergency need and the law provides the conditions under which aid must be given and it is seldom possible to anticipate the needs as closely as this year past proved.

The voters of the Town of Walpole — in common with the other voters of the Commonwealth of Massachusetts — voted to change the classification of those eligible for Old Age Assistance. At this time your department is unable to determine whether the vote will become law. In the event that the Supreme Court rules that the law is constitutional the taxpayers of Walpole will be required to submit to a substantial increase in taxes to provide for this extended coverage.

Effective January 1, 1950, the personnel of the Department were required to qualify under Civil Service, excepting of course, the members of the Board, acting in an advisory capacity. The law sets up definite requirements for performance; all files are subject to audit by both the Commonwealth of Massachusetts and Federal Government administrations and the number of people employed must conform to the requirements of the Commonwealth regulations. Request was made for an assistant to be supplied from the list of those who had qualified for this work under Civil Service; however, as none were available your local Board was permitted to employ (Mrs.) Harriet Erickson, whose training and experience offer exceptional qualifications.

During the year one recipient of Old Age Assistance requested appeal from the decision of your local department. This appeal, having been heard, the decision was rendered in favor of this department, thus indicating adherence to the laws pertaining to administration of this type of assistance. The law provides a right of appeal for all recipients of Aid To Dependent Children and Old Age Assistance.

The rising cost of living necessitates changes in the budgetary standards as promulgated by the State Department. These changes are made by the State Department and your Board under the law cannot add to or subtract from the budget as approved by the State. However, any change in circumstances of a recipient should be reported immediately to your Board in order that all possible benefits may be obtained.

May we, at this time, take the opportunity of thanking all who have assisted this work of the Department of Public Welfare; in this, we extend our grateful appreciation to Town Officials, various Town Departments, private and public organizations and last — but not the least — the recipients of assistance.

#### BOARD OF PUBLIC WELFARE

Richard H. Kannally, Chairman  
Mabel H. Hart  
Rose M. Gray

### HEALTH OFFICER . . .

During the year 1950, there has been considerable improvement in health conditions for this community. There has been prompt action generally on the part of citizens in removing nuisances and where there has been improper drainage either the source of trouble has been cleaned out or connection made with the sewer. The latter has been recommended wherever practicable.

In regard to contagious diseases, there was a decrease as reported in all types, as was the same throughout the state according to the monthly report to this office. Cases were reported promptly by our local physicians and in turn were reported to the State Health Department however, there were reports that certain families had contagious diseases in their homes in which their family physician was not called or notified. There was an attempt to educate the parents to at least report these cases.

Diseases reported here for the year were as follows:

		Tuberculosis	
Chicken Pox .....	14	(Pulmonary) .....	1
Measles .....	5	Whooping Cough .....	3

Reports from the Milk Inspector, Meat Inspector, Veterinarian, and State Inspector of Public Eating Places were satisfactory for the year. In cases where complaints were reported, they were acted upon promptly and immediately corrected.

I wish to thank Mr. Libby for his assistance and kind support and his office staff for aiding me in the administrative work of this department throughout the year. I also wish to thank the people of the Town for their cooperation.

FRANCIS J. ALLENDORF, M.D.,  
Health Officer

**PLANNING BOARD . . .**

The Board organized with Leo F. Tetreault, Chairman and Samuel Hoffman, Secretary. Miss Ella Knobel was engaged as Clerk until September 27 when she resigned and Mrs. Marion L. Kambour was engaged as secretary from September 27, 1950.

Nine regular and eight special meetings were held during the year.

Four public hearings on zone changes were held.

**BOARD OF APPEAL . . .**

Hearings were held as follows in accordance with the Town Zoning By-Laws, the Town Building Laws and the General Laws of the Commonwealth:

**1950**

**February 1**—Warren C. Hilton, to build on a lot not conforming with the Town Zoning By-Laws at 47 Lewis Avenue. Permit granted.

**March 1**—James Dumas, to build on a lot not conforming to the Town Zoning By-Laws on Granite Street. Indefinitely postponed.

**May 10**—Kendall Mills, to build a two-story building on Elm Street, not conforming with the Town Building Laws. Permit granted.

**May 10**—Frank Calf, to convert a one-family dwelling into two apartments at 202 West Street. Permit granted.

**May 10**—Michael J. Sadaway, to sub-divide a lot located at 30 Water Street. Petition withdrawn.

**May 24**—Francis J. Allendorf, M. D. to build on a lot not conforming with the Town Zoning By-Laws on Lewis Avenue. Permit granted.

**May 24**—Lewis Realty Trust, permit to build on a lot, nearer than thirty feet from a street line at 7 Pocahontas Street. Permit granted.

**June 7**—Appeal Board and Planning Board, joint meeting on the Bruce Corporation, sub-division.

**June 7**—Anthony J. Lorusso, petitioner asking for a compromise on a decision rendered December 28, 1949. No change in decision.

**August 9**—Albert Solbo, requesting permission to alter a two-family house at 131 West Street, into three apartments. Permit granted.

**September 27**—William P. Dalton, permission to change a one-family house at 41 Clapp Street into two apartments. Permit granted.

**September 27**—Joseph G. Ferrara, permission to change a one family house at 158 Pemberton Street into two apartments. Permit granted.

**September 27**—Evelyn F. Pierce, permission to change two family house at 92-94 Common Street into four apartments. Permit granted.

**October 4**—Walter P. LaCivita, permission to build a breezeway and garage within eight feet of a proposed street, at No. 2 Hartshorn Road. Permit denied.

**October 25**—Francis X. Maguire, permission to alter a one-family house at 178 Union Street, into two apartments. Permit granted.

**November 8**—Marieange Taylor, permission to build on a lot not conforming with the Town Zoning By-Laws at the corner of Main and Federal Streets. Permit granted.

**December 20**—Raymond A. Dahill, permission to alter a one-family house at 162 Union Street into two apartments. Permit granted.

		Sealer of Weights and Measures	

### PLUMBING INSPECTOR . . .

Three hundred eleven (311) inspections were made during the year and satisfactory workmanship has been done throughout the town. All complaints relative to plumbing were inspected and taken care of, the details of which are on file in the Engineer's office.

EDWARD F. ONION

**WALPOLE CIVIL DEFENSE . . .**

Soon after appointment of a Director of Civil Defense by the honorable Board of Selectmen, steps were taken to establish a suitable headquarters.

Questionnaires were mailed to every voter, seeking volunteers for the many branches of the service pertinent to adequate planning. Up to the end of 1950 approximately four-hundred citizens had volunteered.

Full use of existing Town Departments and personnel is planned. At the end of the year 1950 the Walpole Organization was set up as shown on the chart herewith.

Headquarters are in the old Stone School building.

## **CHIEF OF FIRE DEPARTMENT, FIRE ALARM SUPT., OIL INSPECTOR AND FOREST WARDEN . . .**

The year 1950 was one of our best years in point of property loss. Following is a summary:

Building Fires .....	31	Grass & Sprout .....	32
Woods Fires .....	8	Rubbish & Dump .....	7
Automobile Fires .....	13	False Alarms .....	12

Property loss about ..... 19,000

I have issued 311 permits for installation of oil burners; 47 permits for burning in the open; 12 permits for blasting; and 7 permits for removal of gas tanks.

Our new pumper, which was voted last April, will be delivered in March.

We should replace ladder no. 1 in 1951, as continued use of this truck may be the cause of injury to someone, or a serious accident.

I have issued orders to all companies to keep these old trucks at a lower speed on the highways, to lengthen their span of service.

We are approaching a war crisis and the fire dept. is one of the most critical services, next to our armed forces. It is a known fact that about 80% of all damage by bombings is caused by fire.

There is also the threat of sabotage. We should have a man at the desk in the Central Fire House 24-hours a day, as soon as possible. There is plenty of work for one. I also believe we should have at least two men on duty at both the major stations.

At the present time I am improving our radio communications system.

AARON H. HILL,

Chief

---

## **FIRE DEPARTMENT MAINTENANCE . . .**

During the year five old style fire alarm boxes were replaced with the most up-to-date boxes available. All boxes were checked for defects and operation, and a few painted as time permitted. This year rounded out the second year of the box replacement program and I sincerely hope we may continue to bring our system up-to-date.

Two new extensions of fire alarm facilities were made during the year and one new box installed on existing lines. One extension was made on Lincoln Road from Granite Street to residence of Bradford. Box 85 was installed at this location. A new extension was made on Pemberton Street and into the various

streets of the Walpole Housing Authority. Two boxes were installed, No. 521 at Pemberton and Winthrop Street, No. 523 at Haynes and Vane Street. A new box No. 421 was installed on existing lines on Main Street opposite Staples Garage.

The old wire on Stone Street from the Central Fire Station to School Street was replaced with new self-supporting aerial cable. This area is a vital link for the entire alarm system and was in a deplorable condition. In planning this reconstruction the future growth of the Town was a large factor and additional wires were provided in the cable for additional alarm circuits.

All construction, wire, and boxes in the area of the 1950 street widening on Washington Street and West Street were relocated. All lines in the system were checked for defects and repaired where necessary. All limbs interfering with fire alarm circuit wires were trimmed or removed.

During the year manhours expended on maintenance and construction were as follows:

New Extensions	160
Tree Trimming	165
Relocations	113
Box Replacement	60
Whistle Maintenance	89
General Maintenance	393
Trouble on Lines	54
	<hr/>
Total Manhours	1,034

I wish to thank the personnel of the Utility Companies for their cooperation throughout the year. I also wish to thank the men working on the alarm system for their loyalty, cooperation and willingness to help maintain service twenty-four hours a day in fair and stormy weather.

AARON H. HILL,  
Supt of Fire Alarm

## **SUPERVISOR OF SWIMMING POOL . . .**

The children of Walpole had an active summer at the pool.

The morning period, under the supervision of Miss Kemp and Mr. Desrosiers, was devoted to instruction in life-saving and swimming. Supervised recreation, swimming and diving took place in the afternoon and evening.

This year we had a very successful swimming team. The team was undefeated in four meets.

ROBERT M. GRANNEY,  
Supervisor

**COMMISSIONERS OF TRUST FUNDS . . .**

The Board of Commissioners of Trust Funds has held meetings at various times during the year, as necessary, and submits the following report of income and disbursements from funds under its supervision for year ending December 31, 1950:

	<b>Income</b>	<b>Payments</b>
Charles Fales Scholarship Fund .....	\$3,221.32	\$3,221.32*
Walpole Emergency Medical Aid Fund .....	2,325.99	1,052.72
Charles S. Bird Library Fund .....	175.00	50.00
Cemetery Perpetual Care Funds .....	51.86	
Public Library Fund .....	19.33	
Frederick E. Clapp Memorial Fund .....	16.11	12.00
Mary W. Hyde Library Fund .....	17.91	
Lewis Drinking Fountain Fund .....	14.52	
Lucy J. Gould Library Fund .....	13.16	
Bird Scholarship Fund .....	.36	
	<hr/> \$5,855.56	<hr/> \$4,336.04

\*Paid in January, 1951

THE BOARD OF COMMISSIONERS OF TRUST FUNDS

J. A. Valentine, Chairman

B. D. Rogers

A. H. Anderson, Secretary

**DEPARTMENT OF VETERANS' SERVICES . . .**

This office is chiefly concerned with answering questions having to do with veterans' benefits from local, state, and federal agencies. This new Korean situation is bringing more and varied queries, which this office will be glad to answer—or see that the question is answered in a very short time.

There are still several hundred veterans in town who have not had their discharges or separation papers photo-stated and recorded in books of the Town kept for that purpose. I cannot urge you too strongly to get this done. You never know when you or your dependents will need this information. This has been brought out several times this past year. There is no charge for the service and I again urge every veteran to see that they take advantage of it.

I want to take this opportunity to congratulate the veterans of the town who were on strike during 1950. They found odd jobs, for the most part, and were able to stay off the Town rolls during the greater part of the strike period. Many thanks, also, to those who hired these fellows and aided them during those trying times.

SINGLE FAMILY HOUSE on Winthrop Street in Walpole's Veterans' Housing Project, "Robinwood."

**WALPOLE HOUSING AUTHORITY . . .**

The Walpole Housing Authority organized for the year 1950 as follows:

Albert W. Smith, Chairman  
Willis H. Hoyt, Vice-Chairman  
Denis F. O'Brien, Treasurer  
Robert Booth, Assistant Treasurer  
James B. Maguire, Secretary  
Leo F. Tetreault, Executive Director  
Judge Herbert D. Robinson, Attorney

The Board held 11 regular meetings and 9 special meetings.

Dedication exercises were held at "Robinwood" June 28, 1950 at 7:30 P.M. The following dignitaries were present: Lt. Comdr. Arthur J. Gartland, representing Governor Paul A. Dever; John F. X. Gaquin, representing Frederick W. Roche, Chairman of the State Housing Board; Senator Leslie B. Cutler; Representative Frank D. McCarthy, Selectmen and other town officials, clergy, representatives of local veterans organizations and heads of industrial firms.

Mr. A. F. Smiley of the Smiley Construction Company turned over the keys to the forty-five homes to the Walpole Housing Authority July 1, 1950.

The first tenants to occupy these new homes were as follows: Robert Maginnis, Karl Larson, M. Joseph Ahearn, Thornton M. Garland, Claude Girling, Lester L. Stewart, Anthony J. Procaccini, Thomas J. Shephard, John B. McDavitt, Edward F. Onion, Richard E. Ball, Percy S. Hayward, Donald Meeker, Sven Nordstrom, William H. Russell, Charles F. Quimby, Robert C. Webber, Nunzio Julius, Robert E. Golding, Michael A. Sylvestri, Robert W. Byrnes, Frank Erker, Edward F. Sullivan, Charles E. Barrett, William F. McDonald, Fred J. Orlando, Alfred V. Meau, Bernard J. Richardson, Thomas B. Parsons, Donald B. Woods, John H. Peebles, William R. Brite, Thomas J. Kennedy, Fred R. Silvestri, Edward F. Brooks, Richard Hollister, Albert K. Boyden, David E. Perkins, Henry K. Taylor, Martin Bowers, Robert P. Minnichello, Thomas A. Goodwin, Robert E. Fullerton, Benjamin Badger and Walter Erker.

The average rent of these homes in "Robinwood" is approximately \$38.05 per month.

These homes are being maintained by the Walpole Housing Authority under the direction of Mr. Leo F. Tetreault who was appointed Executive Director and Housing Manager. He is responsible for the collection of rents, repairs and general maintenance, accounting and emergency calls. He also is in close contact with the State Housing Board relative to housing procedures.

Respectfully submitted,

ALBERT W. SMITH

**INSPECTOR OF BUILDINGS . . .**

Permits were issued as follows:

	<b>Number</b>	<b>Approx. Cost</b>
New Dwellings With Garage Attached	23	\$186,800.00
New Dwellings	157	1,054,400.00
New Stone School	1	422,900.00
Additions and Alterations to Dwellings	33	40,700.00
Commercial Buildings	7	38,250.00
New Manufacturing Buildings	2	376,000.00
Additions and Alterations To Manufacturing Buildings	2	275,000.00
Private Garages	29	32,200.00
Small Buildings	8	3,400.00
Elevators	2	32,000.00
Barns	1	1,000.00
Temporary Buildings	1	1,000.00
Stone Crushers	1	15,000.00
<b>TOTALS</b>	<b>267</b>	<b>\$2,478,650.00</b>

In addition to the above 267 permits issued, 1270 inspections were made and \$2,517.00 turned over to the Town Treasurer for fees. During the year 1950 10 plumbing permits were approved.

FRED J. TETREAULT,

Building Inspector

Detailed report of all financial transactions may be found in the report of the Town Accountant.

HERBERT W. LEWIS, Treasurer

**LIBRARIAN . . .**

It is a pleasure to compile statistics when the figures show improvement and growth as have those of the public library this year. Our 1950 records show more new borrowers, more new books and more books circulated than in 1949, which was a peak year. In fact, the increased circulation plus the larger number of borrowers has created a recent shortage of the newest titles which has led many patrons to believe that we are purchasing fewer new books. This is far from true.

Television does not seem to have made its threatened inroads on the use of library books. It has apparently found its own place in people's lives without usurping that of books and reading. It is interesting to note that, in 1924, the librarian made a similar observation concerning radio.

In the summer we were very much pleased and excited to receive a gift from Sweden, a treasure chest of books. Two and one-half years ago the boys and girls of Walpole, through the library, sent a treasure chest to Sweden as a gesture of friendship and good-will, with no thought of a return gift. Both children and grown-ups were greatly interested in the chest from Sweden, and many people came in to examine the books and pictures which it contained.

This year we continued the inventory which was started in 1949. Next summer we intend to complete it at the East Walpole Branch.

In December a record-lending service was begun at the library. For a long time we have wanted to do this but have lacked the money. This year a sum of money was presented to the library by the Walpole Woman's Club, which made possible the beginning of our new project. A cabinet was purchased in which to store the records, and the remainder of the money, together with some from library trust fund interest was used to buy the starter set of twenty-eight record albums. From time to time we will purchase new ones, using the requests of patrons as a guide in selection. After consulting librarians who were experienced with record collections, we compiled a simple set of rules and announced our records ready for circulation. The response was most gratifying. The records seem to fill a real need, and we hope to add to the collection very soon.

It is the children who use the library most. While only 40% of our registered borrowers are children, they read 52% of the books borrowed during 1950. About 1000 new children's books were purchased last year, and added attractions for the boys and girls were the many interesting exhibits lent to the library by townspeople. Weekly story hours were held as usual during the winter months both at the Main Library and at the East Walpole Branch. In the summer vacation the reading club was an out-

standing success. Book Week, always the big week of the year at the library, was especially interesting this year. The program for the week was centered around the Swedish Treasure Chest. We are greatly indebted to Mrs. Robert Robinson, Mrs. Charles Johnson and Miss Louise Hobson (Medfield) who conducted special story hours, and to Mr. Carl Swenson who showed movies of Scandinavia.

At this time we wish to express our appreciation to our many friends who presented books and flowers to the library and who lent exhibits during the year. Our thanks go to: Mrs. Clara June, Miss Kathryn Adams, the Misses Carolyn and Olive Towle, Mrs. Wyman Shaw, Mr. C. S. Bird, Mr. Elmer Bartlett, Mrs. Peter Breyemeier, Mrs. Deane Rollins, Mrs. Doris Duley, Mrs. Allen Russell, Mrs. C. P. Roundy, Mrs. Thomas H. Gove, Mrs. Donald Megathlin, Mr. Henry Kilbourne, Mrs. W. J. Brennan, Mrs. Arthur Nilson, Mr. Fred Ehlers, Ernest Smith, Mrs. Melvin Chevers, Mrs. David Fisher, Janet Orlando, Louise Nelson and Miss Louise Hobson.

I wish to thank the Board of Trustees for their helpful suggestions and advice, and the members of the Staff for a splendid spirit of cooperation during the year.

EUNICE M. CRISSEY,  
Librarian

## 1950 STATISTICS

### Circulation

Re-registered in 1950 .....	273	102	375
Cards expired in 1950 .....	477	215	692
	<hr/>	<hr/>	<hr/>
Total January 1, 1951	1,921	1,289	3,210

**TRUSTEES OF THE PUBLIC LIBRARY . . .**

For a number of years the Trustees have realized that lighting in the Main Library is far below accepted minimum standard for libraries.

The war precluded any consideration of plans that were being made for this needed change in 1941 and no action could be taken for the duration.

Recognizing the growing need for better lighting, your Trustees last year requested an appropriation for the necessary installation to correct this nearly 50% below standard condition. Unfortunately we were unable to get any consideration for this proposal.

Feeling that we must continue our efforts to afford adequate lighting to the reading public, the Trustees have this year again requested an appropriation for this purpose and hope for favorable consideration by the Finance Committee and the Town.

1950 has seen the establishment of a phonograph record library. The Trustees had been hopeful of starting such a service and the needed impetus was given by a gift of money from the Walpole Woman's Club. With this, a cabinet to hold the record albums was purchased and the remainder of the gift was used to buy records. In addition, money from Trust Funds was transferred to supplement the buying of records.

The operation of this record library is modelled after the one in Framingham. A charge of 10 cents is made for a two weeks loan with a fine imposed if the record is damaged when returned.

Book Week was unusually well patronized this past year. To supplement the display of books and pictures of other countries, Miss Quinn, the Children's Librarian, arranged for movies and talks. Both the Main Library and the Branch Library reported capacity audiences for their programs.

The library offers a special service to children during the summer when a Reading Club is in operation. During the summer of 1950, 295 children were members of the club.

The Librarian's report shows a great increase in circulation (approximately 40% in 10 years), and a comparison of these figures with those of other towns of similar size shows Walpole far ahead. Our citizens read!

The Trustees wish to thank the staff for its interest and industry and the public for its cooperation and understanding during the past year.

C. H. ANDREWS, Chairman  
DOROTHY W. SPEAR, Secretary

# BIRTHS

The regular meetings of the School Committee are held on the first Monday of each month at 7:45 P.M. in the School Committee room in the Stone School. It is the wish of the Committee that anyone having suggestions, problems, or desiring information on school affairs appear before the Committee when it is in session.

**Enrollment:** This Table shows our School Enrollment for the past fifteen years.

	<b>Grades 1-6</b>	<b>Grades 7-8</b>	<b>Grades 9-12</b>	<b>Total</b>
1936	939	286	550	1775
1937	900	285	579	1773
1938	901	284	568	1753
1939	893	300	577	1770
1940	883	288	577	1748
1941	883	280	589	1752
1942	856	279	547	1682
1943	854	266	509	1629
1944	801	261	460	1522
1945	850	271	441	1562
1946	878	260	467	1605
1947	878	262	479	1619
1948	939	269	487	1695
1949	1034	258	503	1799
1950	1058	256	519	1833

**Other Tables and Statistics—**Tables and Charts giving information regarding teachers, enrollment and costs will be found on pages following the Reports by various school officials and supervisors.

**Building Repairs Completed in 1950:****Bird School—**

1. Roof over Auditorium repaired.
2. Hot water system extended to four toilet rooms.
3. Exit doors replaced where needed.
4. Trees removed at driveway entrance.
5. Cloakroom ceilings repaired.
6. Portico columns replaced.
7. Ventilating system overhauled.

**Fisher School—**

1. Flushometers replaced.

**High School—**

1. Exterior building trim painted.
2. Auditorium steps re-pointed.
3. Replacement of stair-treads completed.
4. Slate roof at rear repaired.

**Plimpton School—**

1. Heating and ventilating overhauled.

**BUILDING REPAIRS RECOMMENDED FOR 1951****"A" List. Items unfinished in 1950—**

Repair ventilation system at Bird School including ventilation of windowless cloakroom. \$1300. was appropriated in 1950, for this item.

**"B" List—**

Items considered as "musts" by the School Committee.

**Bird School—**

Repair wall-plaster where needed.  
Repair fence separating playground from adjacent private properties, where needed.  
Grade and black-top yard up to sidewalk level.  
Black-top an area at south end of building, approximately 60' x 86'.  
Replace 2 grills at outside of building.  
Replace 2 outside doors, plus hardware.  
Treatment for concrete corridor floors.  
Paint exterior.  
Repair Incinerator.

**Boyden—**

Point brick wall, rear of building.  
Paint interior.

**Fisher—**

Repair cornice at Girls' Entrance, rear.  
Repair playground.  
Concrete step at each end of building.  
Repair roof.  
Paint exterior.

**High School—**

Improve lighting in Rooms 112 and 209.  
Sliding doors over counter in Cafeteria.  
Repair slate roof, front and two ends.  
Repair or replace sidewalk at front of building.  
Provide drainage, floor of Boys' Shower Room.  
Provide toilet facilities, Boys' Shower Room.  
Building storage rooms, at Boiler Room.

**Plimpton School—**

Replace Boiler.

Automatic Damper, if old boiler is not replaced.

**Stone School—**

New smoke pipe in old building.

**"C" List—**

Items desirable, but not emphasized.

**Bird School—**

New floors in Rooms 8 and 15.

**Fisher School—**

Parking lights at South end and rear.

Re-make lawn.

**High School—**

Fluorescent lights in 2 shops.

Re-make lawn.

Extend cyclone fence at Athletic Field.

**Plimpton School—**

Parking lights at rear.

Re-make lawn.

**School Committee Activities**—The Walpole School Committee is a member of the Massachusetts Association of School Committees. In 1950, members of the Committee have attended regional meetings of the Association in Wellesley and Winchester, and the annual State Convention in Swampscott.

**New Equipment**—All First and Second Grade Rooms are now equipped with modern chairs and table-desks. It is hoped that this improvement can be continued in 1951 to include all Third and Fourth Grades.

Sixteen-millimeter sound projectors were provided for two schools. With this step, all our schools are now owners of this type of equipment for visual education. Plans are being considered for purchase and rental of other kinds of materials now commonly used for visual education. It is possible that a fire-proof storage library for films may be provided in our new Stone School.

At the High School, replacement of antiquated cooking equipment with modern kitchen units has been completed.

**Curriculum Study and Textbook Adoptions** — During 1950, Teacher Committees made reports and recommendations in these fields of instruction: Penmanship, Spelling, Social Studies in the Intermediate Grades, and in English.

As a result of the work of these teacher-committees, and approval by the School Committee, the following Textbooks have been adopted:

"Word Mastery" Revised Edition, Patton, Charles E. Merrill Co.

"Developing Your Language" McKee Houghton, Mifflin Co.

"History" 3 book series, Cordier, Rand-McNally Co.

**New Stone School**—The most important and certainly the most imposing item for 1950 was the completion of the new Stone School. Construction was started late in November of 1949, and was completed to the point where all classes were at work in their respective classrooms by the middle of September in 1950. Our Townspeople have expressed themselves in no uncertain terms as being extremely well pleased with the appearance and lay-out of the building. The Principal and Teachers are finding it a splendid building in which to carry on the educational work for which it was planned and designed.

The Building Committee is confident that it has sponsored the construction of a building which is substantial in construction and which will call for a minimum of maintenances.

**Work with the Teachers Advisory Committee** — The Teachers Advisory Committee met with the School Committee and submitted recommendations for inclusion in the Rules and Regulations of the School Committee. Of these recommendations the following were approved by the School Committee.

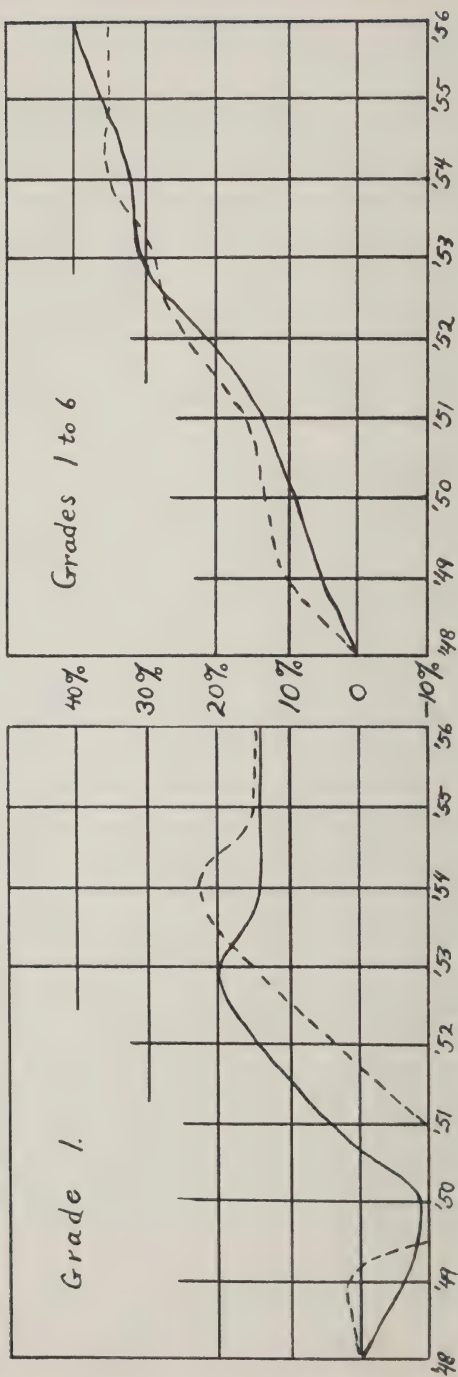

1. A new schedule of pay-days was made effective February 10.
2. The duties of the Teacher Advisory Committee were broadened to include recommendations of various kinds.
3. Differentials in salary maximums were established.
4. A salary status for holders of an Advanced Credit Certificate was created.
5. Substitution of travel for University Courses, under certain conditions, was approved.

**Growth in School Population**—In our Annual Report of a year ago, we called attention to the probable increases to be expected over the next few years, and to the consequent need for giving serious consideration to adding classrooms to take care of those increases.

The increase was not evident in the Fall of 1950 when the number entering Grade one was less than it had been in 1948. It is not expected now that the class entering Grade One in the fall of 1951 will be notably larger than those of 1949 and 1950. This is in line with State-wide experience. This is shown on the accompanying graphs. It is to 1952 and subsequent years that we must give attention.

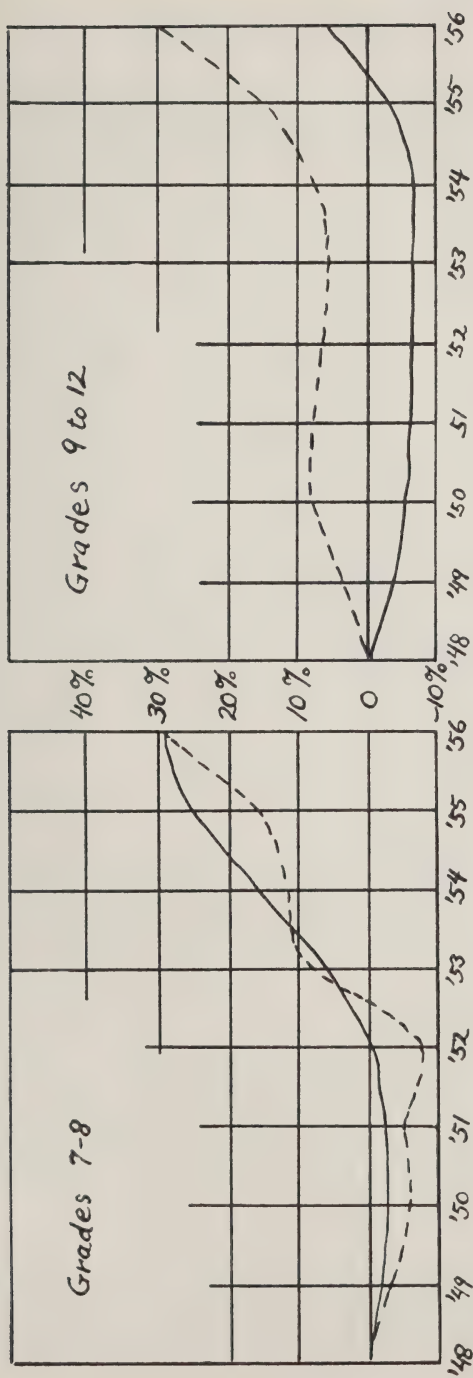

# Predicted Trends in School Enrollment

A typical primary room in the New Stone School.

Heavy lines for State-wide Predictions.

Dotted lines are predictions for Walpole, based on School Department figures

**ENROLLMENTS****CLASSROOMS NEEDED**

Actual figures for 1948, 1949, 1950  
Projected figures for 1951 and following years.

	Grade 1 Enroll.	Grades 1-6 Rooms	Grades 7-8 Rooms	Grades 9-12 Rooms	A	B	C
1948-1949 .....	226	934 31	271 9	485 21	61	69	78
1949-1950 .....	231	1039 33	260 9	503 22	64	69	78
1950-1951 .....	149	1051 34	253 9	528 23	66	69	78
1951-1952 .....	200	1089 36	256 9	523 23	68	69	78
1952-1953 .....	236	1156 38	249 9	520 23	70	69	78
1953-1954 .....	258	1211 40	293 10	509 23	73	69	78
1954-1955 .....	276	1262 42	335 12	525 23	77	69	78
1955-1956 .....	257	1261 42	382 14	566 24	80	69	78
1956-1957 .....				629 27			

The trend of these figures appears visually in the four graphs. They show the trend for the next few years as estimated and projected by the School Department for Walpole schools. This prediction is extraordinarily similar to the State-wide predictions. This similarity confirms us in our belief that our estimates of classroom needs in the immediate future are reasonable.

Columns A, B and C above—

A—Classrooms needed

B—Classrooms available exclusive of old Stone School

C—Classrooms available if old Stone School is called back into use

**Implications for Grades 1-6**

If these predictions are realized, eight more classrooms will be needed in 1955 than are in use in 1950-1951. Specifically, from recent building trends, it would appear that more rooms will be needed in the Bird, Fisher and Plimpton areas.

**Implications for Grades 7-8**

At the Bird and High School buildings, a total of nine classrooms has been sufficient for many years.

However, it would appear that the larger classes which have been entering our lower grades will reach Grade 7 in 1953. From that time, our Junior High School enrollment will continue to increase, with a need for five more classrooms in 1955 than are in use in 1950-1951.

**Implications for Grades 9-12**

It would appear that the rising tide will reach the High School in 1955. Certainly, by 1956, the High School will need the classrooms now occupied by Junior High School classes.

**Implications for the Town**

1. The four rooms at the Bird School now occupied by Grades 7 and 8 will soon be needed by Grades 1 to 6. Where will Grades 7 and 8 go?
2. The Fisher School has four classrooms. Apparently, a 2-room addition will be needed within a year or two.
3. Plimpton Junior High consisting of five classrooms and now located in the High School building must look forward to relinquishing their rooms to the Senior High School. Where will Grades 7 and 8 go?

**Receipts on Account of Schools**—Each year, the Town receives an income from the operation of its schools. This income is increasing each year. In 1947, the amount received by the Town was approximately \$32,000. In 1948, it was \$38,396.50. In 1949, the income was \$42,366.32. In 1950 it was \$54,425.42. This is a substantial reduction of the School Department annual Budget. The money is not available to the School Department, but goes into the General Income account of the Town. If it were permissible to allocate this income in the form of a credit against the annual Appropriation for schools, it would more truly reflect the actual cost to the citizens for that part of the Town Budget for which the School Department is responsible.

The following Table shows receipts by the Town in 1950 on account of schools:

**Tuition—**

State Wards	\$ 1,631.68	
Boston Wards	1,046.43	
Individuals	627.16	
Town of Norfolk	16,563.59	
N. E. Home for Little Wanderers	3,839.68	
	<hr/>	\$ 23,708.54

**Transportation Reimbursements—**

Longview Farm	600.60	
State Wards	219.00	
Commonwealth (Ch. 71, Sec. 7-A)	7,242.65	
	<hr/>	8,062.25

**State Reimbursements—**

Vocational Tuition	1,026.13	
State Aid	21,240.00	
	<hr/>	22,266.13

**Miscellaneous—**

Rentals, etc.	388.50	
	<hr/>	388.50

Total Receipts		<hr/>	\$ 54,425.42
----------------	--	-------	--------------

**Financial Report**

Appropriation	\$ 352,411.00	
Transfer from Police Dept.	270.00	
	<hr/>	\$ 352,681.00

**Expenditures—**

General Control	10,183.56	
Instructional Service	257,694.52

Transportation	22,863.64	
For Police Dept.	210.00	
	<hr/>	348,290.68
Unexpended Balance		<hr/> 4,390.32

**PRINCIPAL OF HIGH SCHOOL . . .**

I herewith submit to you my annual report as principal of Walpole High School.

The number of pupils attending school is somewhat larger this year. When the size of the four classes in the school is considered the following is true.

Freshmen .....	154	Juniors .....	118
Sophomores .....	140	Seniors .....	113
Total .....	525		

For the last five years the enrollment has been as follows:

1945-46	1946-47	1947-48	1948-49	1949-50
434	460	473	485	525

The number of graduates of the class of 1950 who enrolled in college or other schools of advanced learning was the largest we have had. More than 25 students are representing our school in this manner. We are confident they will be successful if the past experience of our graduates in college is considered.

Our school continues in the class A rating, graded by the state department of education. Our graduates have been successful in college and school work and our teachers have continued to maintain a high standard of work in all subjects. This means that the school has a reputation of providing pupils with an education which will prepare them to go to college or other schools and help them to be successful in other kinds of activity beyond school as well as helping them to become good citizens. We are very anxious to maintain and continue this high standard.

The guidance department always is trying by means of tests, group meetings and personal interviews, to help pupils to select school subjects which they will be able to successfully complete as well as to satisfy their interests and be within their abilities. A study of the curricula and subjects selected by pupils shows that over 40% are enrolled in the college preparatory group. The work of the college preparatory curricula attempts to do only one thing and that is to prepare pupils for successful college attendance. There is no question about the results of the work of the teachers and the value of the subjects taught in this curricula. It can be stated that any well prepared pupil can be successful in the curricula if he will faithfully do the required work. Moreover, he can be sure of being admitted to college either by the recommendation of the school or by college board examinations. We do not find, however, that 40% of our pupils go to college. The percentage is nearer 20% or less. Therefore, parents should be very careful in advising the college preparatory course for pupils unless they are well prepared and have definite plans for college. The amount of work required for this curricula cannot be lessened and have the school still maintain a high standard of work which the colleges will recognize.

There are four other curricula which a pupil may select. These are the civic arts which gives a broad, general, high school education in which courses in citizenship are emphasized. The household arts work prepares girls for home making and many related fields of activity. Boys may receive an excellent training in general shop procedure and mechanical drawing in the manual arts Course. The Commercial course prepares pupils to enter various fields of the business world.

These curricular should be carefully considered by parents and pupils so that the proper course, which will give the best training, is selected. The standards of these courses are more readily adjusted to the abilities of the pupils than is the college preparatory work.

The Mother's Club has supplied our school assemblies with several excellent speakers during the year.

We have been able this year to increase the offering in the drivers' education course by having the use of a dual control car. There are about 25 pupils who are taking this course and will become good drivers when the course is completed.

Pupils and teachers of the school have taken part in several programs given by the parent-teachers' association during the year.

With an additional teacher, we are able to have the library open every period in the day. This enables pupils in subjects such as English, history and science to secure additional information which increases knowledge. We hope to increase the num-

ber of books in these and related subjects through a generous offer made by Yale University.

The high school building is at present adequate for the needs of the population. The rooms are large and attractive but the lighting in some sections could be improved by the use of fluorescent fixtures. Many visitors to the school comment favorably on the cleanliness of the building and its general attractive appearance.

The organization of the school is made up of 17 home rooms. The classes in the various subjects are not large and no room is overcrowded. The pupil-teacher ratio in September was 22 pupils for each teacher.

**Chart No. 1**—The chart shows the organization of the school for this year.

Subject	Number Enrolled	Average Number In a Division
English IV .....	114	23
English III .....	126	19
English II .....	138	21
English I .....	149	24
Spanish .....	118	23
French .....	88	22
Latin .....	123	24
History and Civics .....	352	27
Mathematics .....	319	24
Chemistry .....	74	24
Physics .....	31	15
Business Training .....	37	18
Bookkeeping .....	56	18
Stenography .....	39	19
Typewriting .....	140	24
Transcription .....	10	10
Geography .....	48	24
Economics .....	32	32
Problems of Democracy .....	35	35
Foods and Clothing .....	21	21
Home Making .....	33	16
Home Management .....	14	14
Woodworking .....	75	18
Mechanical Drawing .....	80	20
P. Tr. Boys & Girls .....	244	24
Art .....	45	10
Drivers' Education .....	25	25
Glee Club .....	110	20
Orchestra .....	18	18
Music Appreciation .....	30	8

The manual arts shops and mechanical drawing room as well as the new household arts room are much better equipped than similar rooms found in many schools.

I wish to thank you and the teachers for cooperation throughout the year.

HAROLD A. STROUT,  
Principal of High School.

---

## **SUPERVISOR OF ART . . .**

Retrospection motivates serious thought concerning what the purpose has been throughout the many years during which there has been a gradual but definite transition from traditional drawing lessons toward contemporary methods of art instruction. Evaluation is constantly taking place as efforts are made to merge the best old and new methods of teaching while endeavoring to attain the highest standard possible.

There is, to some, a satisfaction in seeing and causing to be produced finished, detailed drawings resulting from close imitation of a teacher's demonstration. Such drawings arouse little or no adverse comment; they are admired by many. That way of teaching is, consequently, gratifying since some children have attractive pictures to take home. No consideration is given, however, to the fact that art is essentially emotional, the expression of the individual's feeling. Art is possibly the school activity which affords maximum opportunity for purposeful emotional stimulation. It is natural for children to respond emotionally whereas intellectual reaction is more characteristic of adults. Children can imitate successfully, but the results are not in accordance with the definition of art to be found in this report.

Parents and teachers should be aware of the fact that there is a value to child art which must be preserved and fostered so that children may learn through art personally and intellectually. Maturation with adequate guidance will result in the desired technical achievement. Emphasis upon drawing rather than upon honest, individual expression of thought will result in very limited benefits in later life. We should be proud of the drawings which children create. We should recognize art as a means of drawing out their ideas rather than of merely pouring into their minds the thoughts and methods of others.

Anticipation of the future requirements of society indicates a need for not only appreciation of the past but an awareness of the participation in contemporary and future trends. The Christmas windows painted by the High School students, for instance, were inspired this year by a study of the following masters: Burne,

Jones, Mabuse, Durer, and Murillo representing various countries. The purpose was to stimulate a feeling of respect for the contributions of people of other lands. The style called modern art cannot, nevertheless, be ignored since people will continue to observe symbolic, abstract and non-objective art in commercial advertising and industrial design.

Art may be defined as the creative expression of ideas. Progress is the result of ideas. Children uninhibited in their original expression of ideas, but skilfully guided toward the eventual application of art principles, possess a wealth of potential ability essential to this scientific age and changing world.

Adults should understand that drawings created during periods of rapt concentration are significant. The sensitivity of the creator, his reaction to the response of others, must be taken into consideration. The artist as teacher understands how child artists feel and, therefore, is prepared through specialized training and experience to encourage art expression while providing necessary instruction in accordance with the needs of individuals or groups. Such teaching has definite educational value and requires much more teaching skill than the sort of instruction which is based upon imitation.

Children draw interesting pictures. They are taught that the production of a thing of beauty gives pleasure to the artist and to others. They, however, perform as child artists only when they are confident that their efforts will be received with understanding.

The foregoing philosophical comments indicate the basic explanation of the way in which art is being offered. Learning by means of art is an educationally desirable goal maintained by leaders in the field of art education.

The relationship between art and daily living enriches ordinary experiences to such an extent that, looking back upon the past, it is possible to recall many pleasant activities and incidents which have contributed toward the joy of teaching. There is a constant fascination because of the challenging newness of the future.

HELENA M. PARKER,  
Supervisor of Art.

---

## PHYSICAL EDUCATION . . .

In the Junior High School during the fall, techniques and elementary games involving these skills were taught, followed during the winter by a program of folk and square dancing, marching, exercises, apparatus and tumbling and volley ball skills and games. In the spring season emphasis was placed on softball skills and games and some volley ball out-of-doors.

Field hockey, volley ball and soft ball games were played by the Bird and Plimpton Junior High Schools as an outgrowth of class work and after-school practices.

This past year it has been possible to have after-school games, which are voluntary, on other days than Friday because of the shortened school day at Bird School. This has been more satisfactory than the previous arrangement as more girls are able to participate.

Through the cooperation of Mr. Conaty of the Manual Arts Department, a set of goal posts was made for each school to be used for field hockey, soccer, and numerous other games and these have been most helpful.

In the elementary schools, the program of activities included rhythms, stunts and tumbling, games of low organization that involved the use of large muscles, while in the upper elementary grades, activities were used that required a higher degree of coordination.

A short program of folk and country dancing was put on by a group of pupils from the fourth, fifth and sixth grades of the Plimpton School for the Plimpton School Parent-Teachers Association.

With the completion of the new Stone School a broader program of activities during the indoor season is anticipated now that an All-purpose room is available. Formerly all of the winter program had to be done in the classroom which has meant limited activity and adopting or eliminating entirely activities considered desirable in elementary schools. Tumbling will be given for all grades and a broadened program of folk and square dancing in the upper grades as well as additional ball handling skills and games.

Our program of physical education is in line with modern educational concepts adopting it to facilities and conditions available in the various schools when necessary.

Adequate physical activity in the elementary school is most important for the development of a strong physique. In planning the work for elementary schools a vigorous program with a variety of activity is emphasized since these are the power-building years as far as the individual's body is concerned.

DOROTHY L. SHEPARD,

Supervisor of Physical Education.

---

## **SUPERVISOR OF HOUSEHOLD ARTS . . .**

The Junior High School clothing class girls are proud wearers of their garments made at school. With the extended use of streamlined methods and better working facilities, garments of their selection are made better and quicker than ever before.

The goal is at least two garments for each girl in grade 8. The 7th grade work on smocks has been very pleasant and we are all looking forward to wearing these gayly colored smocks in our modernized kitchen.

The 6th graders are extremely busy learning the intricacies of both treadle and electric sewing machines to prepare them for making their skirts and blouses.

The Foods classes in Junior High will progress following the pattern set in the outline, including basic cooking and baking; meal planning, purchasing, preparing and serving foods economically for an average budget.

The Home Economics classes in the High School have shown an increased enrollment this year. A steady growth seems apparent and interest in the work consistently grows. One reason for this is probably the new equipment and modernized Cooking Room which has been a great boon in the teaching of modern methods of Homemaking.

The Homemaking classes completed a new Child Care Course in Baby Sitting. This was very interesting and practical and was a perfect example of the Discussion Method of teaching. Many of the 40 girls enrolled have been able to procure work as a result of participation in this class. The Homemaking classes have also completed a project on "Improving My Bedroom" and a course on "Social Customs, Etiquette and Manners." These courses will be followed by work in Dressmaking.

The Home Management III class has studied Consumer Buying, and has done considerable detailed work on the buying and cost of Foods, Clothing and Household Articles. This will be followed by a course in Home Furnishing and Interior Decorating.

The regular Home Economics I and II classes were combined this year. Half the year was given over to the study of Meal Planning and Preparation, Nutrition and Food Preservation. The second half of the year constituted work in Clothing and a study of Textiles. Each girl makes three garments for herself of various fabrics — wool, cotton, rayon or nylon, and one child's garment.

It is our aim to make these classes as practical as possible but also to combine some of the theory of good home practices. We would like to make these classes available to more students in the High School. It would seem that every girl has need of some training in this work to prepare for future life.

RUTH GOULD SHUFELT,  
Senior High School Teacher.

LOUISE SCHUELER,  
Junior High School Teacher.

**SUPERVISOR OF MANUAL ARTS . . .**

We started the 1950 school year with three hundred and fifty students enrolled in the Shop Courses in grades six through twelve. Of this number, two-thirds are enrolled in grades six, seven, and eight, under the instruction of Mr. Thomas Cairney. The Civic Arts Course for High School Students is under the instruction of Mr. Stanley Dziejma, and the Manual Arts Course for High School Students is under my instruction.

The pattern of the year so far, has closely followed the previous ones, but upset world conditions make our supplies expensive and hard to obtain. Consequently, economy is the by-word of our classes. The boys are engaged in applying the knowledge gained through instruction in the various phases of Woodworking and Woodfinishing, to the building of many diversified projects which will be useful in the home. We are called upon at times to make emergency repairs to the building and its equipment.

At an early P.T.A. Meeting this year, that body decided to sponsor a teachers' dining and rest room, and one hundred dollars was appropriated to purchase curtain material, paint, and other things for this room. It was our shop task to help make this room a reality by painting the floor, and repairing and painting sundry pieces of furniture which we were able to collect in and about the building. This room is now in use and is a very popular meeting place for the teachers during lunch periods and before they leave in the late afternoon.

In November we had an Open House Night in the shops and drafting room for the members of the P.T.A. and received many compliments on the work produced by the boys.

Our Shop Courses cover instruction in the following areas: general basic tool processes; advanced tool processes; machine operation, care and maintenance; safety; planning; design; woodfinishing; identification of materials; and correlation of Mechanical Drawing, Mathematics, Geography, Botany, Industrial History, and Civics.

The Mechanical Drawing Courses cover instruction in Constructive Geometry, Orthographic Projection, Development of Surfaces, Devices for Transmission of Power, Small Machine Design, Architectural Drawing and Construction, Freehand Sketching, and Aircraft Drawing and Design.

GEORGE H. CONATY,  
Supervisor of Manual Arts.

**PHYSICIAN FOR THE HIGH AND PLIMPTON SCHOOLS . . .**

The students attending the Walpole High School and the Plimpton School were examined by me in the early part of the year. The condition of most pupils was found to be excellent. Any pertinent abnormalities were recorded and the parents notified in order that adequate treatment might be instituted by the family physician.

Special examinations were given students who participated in athletic activities. These were accomplished prior to the onset of each sport season.

I wish to thank Miss Downing, the school nurse, for her very capable assistance; Mr. Strout, Principal of the Walpole H. S.; Mr. Downs, principal of the Plimpton School; and the teachers of both schools who all facilitated the completion of this program.

FREDERICK L. LAYTON, M.D.,  
for DR. HARRY BRENNER,  
School Physician.

---

**PHYSICIAN FOR THE BIRD AND FISHER SCHOOLS . . .**

I wish to report that during the early part of the school year a general physical examination of the children was completed, defects recorded and notices sent to the parents.

Special physical examinations were performed on all students taking part in athletic activities.

The general health of the children was very satisfactory and defects were corrected. The school buildings were in good sanitary condition.

I wish to express my sincere thanks to Miss Alice Downing, our school nurse, for her able assistance. I also wish to thank the principals and teaching staff of the Bird and Fisher Schools for their fine cooperation.

FRANCIS J. ALLENDORF, M.D.,  
School Physician.

---

**PHYSICIAN FOR THE BOYDEN AND STONE SCHOOLS . . .**

This year I am in charge of the Boyden and Stone Schools. The usual examinations were made. The report is excellent. An improvement is marked.

I wish to thank the school nurse, Miss Downing, for her assistance.

T. M. CONNELL, M.D.,  
School Physician.

**THE SCHOOL NURSE . . .**

The school physicians have completed the physical examinations of the school children.

During February and March of 1950, the ear-testing was done for all children in Grades III-XII inclusive. Eye-testing is completed in some buildings and others are nearing completion.

All members of the senior class as well as every member of the personnel have received Chest X-rays.

The opening of the new Stone School has given us a very adequate and desirable place to work in, with fitting and ample space for examining and testing children.

We have had splendid co-operation from parents and from clubs and societies in the town and extend our sincere thanks for all the fine things they have done for our children.

ALICE L. DOWNING, R.N.,  
School Nurse.

**CHARLES FALES FUND SCHOLARSHIP COMMITTEE . . .**

The Charles Fales Fund Scholarship Committee presents herein its sixteenth annual report.

The following officers were elected at the December meeting: Mr. Gilbert W. Anderson, Chairman; Mrs. Katharine Chick, Secretary.

The awarding of the Scholarships is based on the following excerpts from the will of Lewis F. Fales:

"In memory of my father, one hundred thousand dollars, to be known as the "Charles Fales Fund," to the Town of Walpole, Massachusetts, provided, unless a Board of Commissioners of Trust Funds is then existing in said Town, said Town shall have created a board of Commissioners of Trust Funds in accordance with the laws of the Commonwealth of Massachusetts within two years from the time said Town is notified by my said Trustees so to do. The income from said funds to be used for scholarships to be paid as hereinafter provided to students, male or female, of the Schools of the Town who become students at any university, college or institute. Such scholarships are to be as nearly as practical each for the sum of five hundred dollars annually, and to be paid to each undergraduate in a university, college, or institute to whom it may be awarded by a Committee to be known as the Charles Fales Fund Scholarship Committee," which Committee shall consist of the Superintendent of the Schools of Walpole for the time being, the Principal of the High School of Walpole for the time being, and if there be any time more than one High School in Walpole the Principals of each High School for the time being, and the members for the time being of the School Committee or other body having charge of the Schools of Walpole. The awards of Scholarships shall be for one year and shall be made during the month of December of each and every year. Said Scholarship Committee shall keep a record of its doings and make a report to the Town at the end of each year. It shall so far as practical keep in touch with the progress and standing of each student to whom an award of a scholarship has been made. It is not my desire to hamper in any way the Committee in making their award, but there are these factors which I desire they should take into consideration — Character, Scholarship, and Physical and Mental Vigor. I also desire that students wishing to extend their education along technical lines, shall, other things being equal be given preference"

The amount available for distribution this year was \$3,221.32. In accordance with the provisions of the will that scholarships are to be as nearly as practical each for the sum of five hundred dollars, eight scholarships were awarded.

The Committee, after a careful investigation of the candidates, awarded scholarships to the following:

Barbara Bartholomew, University of Massachusetts  
Joanne Kennedy, Brown University  
Raymond McKenna, Brown University  
Elsie Meyer, Eastern Nazarene  
Daniel Poznick, Tufts College  
Margaret Rockwood, University of Massachusetts  
Ronald Sigmund, Northeastern University  
David Winslow, Amherst College

GILBERT W. ANDERSON, Chairman  
KATHARINE CHICK, Secretary  
WALTER BARNES  
JOSEPH ERKER  
EDWARD HOLMES  
ELEANOR JOHNSON  
ARTHUR C. JONES, Superintendent  
HAROLD A. STROUT, Principal  
Charles Fales Scholarship  
Committee.

**TOWN ACCOUNTANT . . .**

**REPORT OF AN AUDIT OF THE  
ACCOUNTS OF THE TOWN OF WALPOLE . . .**

To the Board of Selectmen  
Mr. Willis D. McLean, Chairman  
Walpole, Massachusetts  
Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Walpole for the year ending December 31, 1950, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,  
FRANCIS X. LANG  
Director of Accounts

FXL:MC—ACD

---

Mr. Francis X. Lang  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Walpole for the year ending December 31, 1950, and report thereon as follows:

The records of financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined, checked, and verified by comparison with the records of the town treasurer and the town accountant.

The books and accounts in the office of the town accountant were examined and checked. The general and appropriation accounts in the ledger were analyzed, a trial balance was taken off, and a balance sheet showing the financial condition of the town on December 31, 1950 was prepared and is appended to this report.

The appropriations and loan authorizations were compared with the town clerk's records of financial votes passed in town meetings, while the transfers from the reserve fund were checked to the finance committee's records of such transfers.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was footed throughout, the recorded receipts were analyzed and compared with the departmental records

of payments to the treasurer and with the other sources from which money was paid into the town treasury, while the disbursements were compared with the accountant's books and with the treasury warrants.

The treasurer's cash balance on January 24, 1951 was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited.

The payments made for maturing debt and interest were compared with the cancelled securities and coupons on file and with the amounts falling due.

The records of tax titles and tax possessions held by the town were examined. The amounts transferred from the tax levies to the tax title account were reconciled with the tax collector's books, and the redemptions of tax titles and sales of tax possessions were compared with the treasurer's receipts. The tax titles on hand were further verified by checking with the records in the Registry of Deeds. It is recommended that all tax titles held over two years be foreclosed by the treasurer, in accordance with the provisions of Section 50, Chapter 60, General Laws.

The savings bank books and securities representing the investments of the trust and investment funds in the custody of the town treasurer were examined and listed. The income was proved, the expenditures and transfers to the town were verified, and the cash on hand was proved by actual count.

The books and accounts of the tax collector were examined and checked in detail. The tax and assessment accounts outstanding according to the previous examination and all subsequent commitments were audited and compared with the warrants issued for their collection. The recorded collections were compared with the payments to the treasurer, the abatements were checked with the assessors' records of abatements granted, and the outstanding accounts were listed and proved with the town accountant's ledger.

The books and accounts of the collector of water charges were examined and checked. The commitments were proved, the cash books were footed, the payments to the treasurer were verified, the abatements were checked to the departmental records of abatements granted, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

The outstanding tax, motor vehicle and trailer excise, assessment, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

The assessors' records of apportioned and suspended sewer assessments were examined and checked. The amounts apportioned during the year were verified, the apportionments added to taxes were checked, the payments to the treasurer in advance were compared with the treasurer's cash book, and the apportioned assessments not due were listed and reconciled to the town accountant's ledger.

Interest at the rate of four per cent annually should be charged and collected on all suspended sewer assessments, in accordance with the provisions of Section 19, Chapter 83, General Laws.

The financial records of the town clerk were examined and checked. The records of dog and sporting licenses issued and of receipts for marriage permits, recording fees, and miscellaneous charges were checked. The payments to the State and the town were verified and the cash on hand was proved.

The surety bonds furnished by the several town officials required to file such bonds were examined and found to be in proper form.

The records of licenses and permits issued by the selectmen, the building inspector, and the health department were examined and checked and the payments to the treasurer were verified.

The recorded receipts of the sealer of weights and measures, from hall rentals and the dental clinic, as well as of the highway and library departments, were examined and checked, the payments to the treasurer being verified.

The school department records of receipts on account of the cafeteria, from the athletic contests, etc., were examined and checked. The payments to the town treasurer were verified and the cash on hand was proved by actual count.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, motor vehicle and trailer excise, assessment, tax title, departmental, and water accounts, as well as tables showing the condition and transactions of the trust and investment funds.

For the cooperation extended by all town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

**COMMONWEALTH OF MASSACHUSETTS  
TOWN OF WALPOLE  
SPECIAL TOWN MEETING**

**October 30, 1950**

**Norfolk, ss:**

Pursuant to the foregoing Warrant, a Special Town Meeting of the inhabitants of the Town of Walpole, qualified to vote in Town affairs, was held in the Auditorium of the High School in said Walpole, on

**MONDAY, OCTOBER 30, 1950 at 8:00 P.M.**

Meeting was called to order by the Town Clerk, a quorum being present.

Richard H. Kannally was elected Moderator for this meeting.

**On motion made and seconded, it was**

**Voted:** to waive the reading of the warrant.

**Article 1. To hear and act on the report of any Committee**

or to choose any Committee the Town may think proper and transact any other business that may legally come before the Town.

**On motion made and seconded, it was**

**Voted:** not to postpone the meeting until Monday, November 6, 1950.

**Article 2.** To see if the Town will accept a report of the Board of Survey and accept Pocahontas Street, from the end of the present layout to Common Street, as shown on a plan by W. R. Lewis, Jr., Engineer, dated April 17, 1950, or do or act anything in relation thereto.

**On motion made and seconded, it was**

**Voted:** that the Town accept a report of the Board of Survey and accept Pocahontas Street from the end of the present layout to Common Street, as shown on a plan by W. R. Lewis, Jr., Engineer dated April 17, 1950.

**Article 3.** To see if the Town will accept a report of the Board of Survey, and accept any and all of the following streets, namely, Bellingham, Dudley, Haynes, Vane and Winthrop Streets all as shown on a plan by G. B. Cabot & Associates, Consultants, dated December 30, 1949, or do or act anything in relation thereto.

**On motion made and seconded, it was**

**Voted:** that the Town accept a report of the Board of Survey and accept all of the following streets, namely, Bellingham, Dudley, Haynes, Vane, and Winthrop Streets, all as shown on a plan by G. B. Cabot and Associates, Consultants, dated December 30, 1949. (Each street was voted separately and in the affirmative).

**Article 4.** To see if the Town will accept a report of the Board of Survey, and accept any or all of the following streets, namely, Carpenter Road, Hutchinson Road, Marguerite Road and Bonnie Road, all as shown on a plan by Kenneth E. McIntyre, Engineer, dated March 4, 1950, or do or act anything in relation thereto.

**On motion made and seconded, it was**

**Voted:** that the Town accept a report of the Board of Survey and accept all of the following: Hutchinson Road from present acceptance to Carpenter Road; Carpenter Road, Marguerite Road from the present acceptance to Carpenter Road; and Bonnie Street from Washington Street to Carpenter Road — all roads and streets voted separately and in the affirmative).

**Article 5.** To see if the Town will accept a report of the Board of Survey and accept Sandra Street, as shown on a plan by Raymond G. Loring, dated October 9, 1950, or do or act anything in relation thereto.

**On motion made and seconded, it was**

**Voted:** that this article be indefinitely postponed.

**Article 6.** To see if the Town will raise and appropriate by transfer a sum of money for the Building Inspector's Salary Account, or do or act anything in relation thereto.

**On motion made and seconded, it was**

**Voted:** that the Town transfer from the Excess and Deficiency Account the sum of \$900.00 for the Building Inspector's Salary Account for the year 1950.

**Article 7.** To see if the Town will install a 6" water main in Old Post Road, from the corner of Common Street and Old Post Road running northerly toward Baker Street for a distance of two-tenths of a mile or to the residence of Frank W. Barrows, raise and appropriate by transfer, raise and appropriate by borrowing a sum of money therefor, or do or act anything in relation thereto. (Petition of Frank Barrows and others)

**On motion made and seconded, it was**

**Voted:** that the Town transfer from the Excess and Deficiency Account the sum of \$4,000.00 to install a 6" water main in Old Post Road from the corner of Common Street, and Old Post Road running northerly towards Baker Street for a distance of 2/10 of a mile or to the residence of Frank W. Barrows, subject to a 6% guarantee.

**Article 8.** To see if the Town will vote to complete the West Street Construction voted at the Adjourned Annual Town Meeting, raise and appropriate by transfer, raise and appropriate by borrowing a sum of money therefor, or do or act anything in relation thereto.

**On motion made and seconded, it was**

**Voted:** that the Town complete the West Street Construction voted at the Adjourned Annual Town Meeting and that the sum of \$4100.00 be transferred from the Excess and Deficiency Account to cover the additional expense therefor.

**On motion made and seconded, it was VOTED:** to take up Article 19.

**Article 19.** To see if the Town will vote to change from Industrial Zone to Residential Zone, the portion of West Street that was Residential prior to 1947, and including area from the Old Chandler Mill to bridge near the Highland Sand & Gravel Co., this portion to include area from West Street to N.Y., N.H. & H. Railroad Tracks on North side of West Street, or do or act anything in relation thereto. (Petition of James A. Sullivan and others).

**On motion made and seconded, it was**

**Voted:** that the Town vote not to change from Industrial Zone to Residential Zone the portion of West Street that was Residential prior to 1947, and including area from the Old Chandler Mill to bridge near the Highland Sand & Gravel Co., this

portion to include area from West Street to N.Y., N.H. & H. Railroad Tracks on North Side of West Street.

Yes ..... 1  
No ..... 65

Timothy Cullinane and Willis Hoyt were sworn in as tellers.  
Motion was not carried.

**On substitute motion made by James Sullivan, Jr., and seconded, it was**

**Voted:** that the Town vote to change from Industrial Zone to Residential Zone, the portion of West Street that was residential prior to 1947, and including area from the Old Chandler Mill to bridge near the Highland Sand & Gravel Co., this portion to include area from West Street to N.Y., N.H. & H. Railroad Tracks on North Side of West Street.

Yes ..... 70  
No ..... 0

Declared unanimous by Moderator

Crowley Post No. 104 American Legion.

No further business to come before the meeting, the Moderator declared the meeting dissolved at 8:10 P.M.

A true copy. Attest:

ARTHUR L. LALIBERTY,  
Town Clerk of Walpole

### **WARRANT FOR STATE ELECTION COMMONWEALTH OF MASSACHUSETTS**

**Norfolk, ss:**

To either Constable in the Town of Walpole,

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Precinct 1, of said Town of Walpole, who are qualified to vote in elections, to meet in Blackburn Memorial Building, and the Inhabitants of Precinct 2, of said Town of Walpole, who are qualified to vote in elections, to meet in the East Walpole Fire Station in East Walpole, and the Inhabitants of Precinct 3, of said Town of Walpole, who are qualified to vote in Elections to meet in the Community House in South Walpole, on

**Tuesday, next after the First Monday in November, it being the Seventh Day of Said Month, in the Year One Thousand Nine Hundred and Fifty at 7:30 A.M.**

in the forenoon, to bring in their votes for the following officers and questions to wit:

**Governor, for this Commonwealth  
Lieutenant Governor, for this Commonwealth  
Secretary of the Commonwealth, for this Commonwealth  
Treasurer and Receiver General, for this Commonwealth  
Auditor of the Commonwealth, for this Commonwealth  
Attorney General, for this Commonwealth  
Representative in Congress, for the 14th Congressional District  
Councillor, for the 2nd Norfolk Councillor District  
Senator, for the 2nd Norfolk Senatorial District  
1 Representative in General Court, for the 8th Norfolk  
Representative District**

District Attorney, for the Southeastern District  
 County Commissioner, for Norfolk County  
 Sheriff, for Norfolk County  
 County Treasurer (to fill vacancy), for Norfolk County  
 and to vote on the following questions:

**Question No. 1**

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 9, 1947, received 244 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held June 8, 1949, received 242 votes in the affirmative and 7 in the negative?

YES..... NO.....

**Summary**

This proposed amendment of the Constitution provides for the time when the respective terms of office of the governor, lieutenant-governor and councillors shall begin and the time when their respective terms shall end. It also makes provision relative to the succession to the office of governor in the event of death of the governor elect before qualification for the office of governor; and it further makes provision relative to the succession to the office of governor in the event of the death of both the governor elect and the lieutenant-governor elect before qualification for their respective offices.

**Question No. 2**

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 4, 1948, received 154 votes in the affirmative and 44 in the negative, and in a joint session of the two branches held June 8, 1949, received 160 votes in the affirmative and 93 in the negative?

YES..... NO.....

**Summary**

This proposed amendment to the Constitution provides for an increase in the number of signatures of qualified voters required upon an initiative or upon a referendum petition, and it further makes provision for changes in legislative procedures thereon with reference to dates upon, or within which, acts shall be done in the various stages necessary to be taken upon such petitions.

**Question No. 3**

Do you approve of a law summarized below on which the House of Representatives did not vote and on which the Senate did not vote?

YES..... NO.....

**Summary**

This measure provides for minimum payments of seventy-five

dollars per month, or eighty-five dollars per month if blind, as assistance to deserving aged persons who have reached the age of sixty-three years or over and are in need of relief and support.

#### Question No. 4

**Do you approve of a law summarized below on which the House of Representatives did not vote and on which the Senate did not vote.**

YES..... NO.....

#### Summary

This measure provides for the creation of a Massachusetts Commission for the purpose of conducting once every month a lottery drawing to raise additional funds by means of tickets sold to the public, within the Commonwealth, the net proceeds to be divided as follows: 50 per cent to the winners as prizes, 35 per cent for assistance to needy aged persons, 7½ per cent for assistance to needy blind persons, 7½ per cent for assistance to dependent children.

#### Question No. 5

**Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 77 in the affirmative and 139 in the negative and in the Senate by a vote of 13 in the affirmative and 25 in the negative?**

YES..... NO.....

#### Summary

The proposed measure strikes out the first sentence of Section 113-B of Chapter 175 of the General Laws (Tercentenary Edition) as most recently amended by Section 4 of Chapter 459 of the Acts of 1935, and inserts in place thereof a sentence which provides that the Commissioner of Insurance shall annually, on or before September fifteenth, after due hearing and investigation, fix and establish fair and reasonable classifications of risks and adequate, just reasonable and nondiscriminatory premium charges to be used and charged by insurance companies in connection with the issue or execution of motor vehicle liability policies or bonds, as defined in section 34A of Chapter 90 of the General Laws, for the ensuing calendar year or any part thereof, but said classifications and premium charges shall be uniform throughout the Commonwealth and shall not be fixed or established according to districts or zones.

#### Question No. 6

**A. Shall the pari-mutuel system of betting on licensed horse races be permitted in this County?**

YES..... NO.....

**B. Shall the pari-mutuel system of betting on licensed dog races be permitted in this County?**

YES..... NO.....

## Question No. 7

A. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES..... NO.....

B. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES..... NO.....

C. Shall licenses be granted in this town for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES..... NO.....

## Question No. 8

(a) If a voter desires that this town shall declare by popular referendum that a shortage of rental housing accommodations exists which requires the continuance of federal rent control in this town after December thirty-first, nineteen hundred and fifty, and until the close of June thirtieth, nineteen hundred and fifty-one, in accordance with the provisions of the Housing and Rent Act of 1950, he will vote "YES" on said Question.

(b) If he desires that federal rent control shall cease to be in effect in this town at the close of December thirty-first, nineteen hundred and fifty, he will vote "NO" on said question. If a majority of the votes cast in any such city or town in answer to said question is in the affirmative, such city or town shall be deemed to have declared by popular referendum, pursuant to the Housing and Rent Act of 1950, that a shortage of rental accommodations exists which requires the continuance of federal rent control in such city or town after December thirty-first, nineteen hundred and fifty, and until the close of June thirtieth, nineteen hundred and fifty-one, in accordance with the provisions of said act. If a majority of the votes cast in any such city or town in answer to said question is not in the affirmative, such city or town shall be deemed not to have declared by popular referendum, pursuant to the Housing and Rent Act of 1950, that a shortage of rental accommodations exists which requires the continuance of federal rent control in such city or town after December thirty-first, nineteen hundred and fifty.

Shall a declaration be made by popular referendum, pursuant to the Housing and Rent Act of 1950, that a shortage of rental housing accommodation exists which requires the continuance of federal rent control in this town after December thirty-first, nineteen hundred and fifty and until the close of June thirtieth, nineteen hundred and fifty-one, in accordance with the provisions of said Act?

YES..... NO.....

The Polls will be open at 7:30 A.M. and will close at 8:00 P.M.

And you are directed to serve this warrant by posting attested copies thereof in at least two public places in each Precinct in said Town not less than seven days before the day appointed for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk before the day set for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk before the day set for said meeting.

Given under our hands and the seal of the Town this nineteenth day of October in the year one thousand nine hundred and fifty.

WILLIS D. McLEAN

JOHN H. WHITE

JOHN J. BURKE

WILLIAM J. SHEEHAN

Selectmen of Walpole

Walpole, Mass., October 30, 1950

Norfolk, ss:

By virtue of the within warrant I have notified the Inhabitants of the Town of Walpole qualified to vote in Elections to meet at the time and places mentioned in said warrant by posting attested copies thereof in at least two public places in each Precinct of said town not less than seven days before the day set for said meeting.

TIMOTHY A. CULLINANE,

Constable of Walpole

---

**TOWN OF WALPOLE  
COMMONWEALTH OF MASSACHUSETTS  
STATE ELECTION**

**November 7, 1950**

Norfolk, ss:

Pursuant to the foregoing warrant, the inhabitants of the Town of Walpole, in Precinct 1, qualified to vote in elections, met in the Blackburn Memorial Building in said Walpole, at seven-thirty o'clock in the forenoon on

**Tuesday, the 7th day of November, 1950**

and the inhabitants of Precinct 2 of said Town of Walpole, qualified to vote in elections, met in the Fire Station, in East Walpole, on the same date and hour, and the inhabitants of Precinct 3 of said Town of Walpole, qualified to vote in elections, met in the Community House, South Walpole, on the same date and hour,

to bring in their votes for the purposes mentioned in said warrant.

The meeting in Precinct 1 was in charge of Chester B. Gove, Warden of said Precinct 1, and he was assisted by the following election officers: Frank Kivlin, Walter Angus, George Hubbard, Daniel H. Delaney, George Corbett, Daniel Giandomenico, William F. Smith, Charles R. Peters, Vincent Fitzpatrick, P. Bernard Spillane, Bruce Farrar, Thomas C. Jackson, Christopher O'Neil, Arthur L. Smith, Chester Keenan, William P. Robinson, Frederick B. Platt, Arthur W. Mellen, Arthur F. Platt, Alton C. Roberts and Kurt Groote.

The meeting in Precinct 2 was in charge of William F. Geary, Warden of said Precinct. He was assisted by the following election officers: Frederick J. Kinsman, George Murray, Albert W. Smith, F. Howard White, Richard Sprague, Roger White, William F. Sline, Sr., Frank Vietze, and Arthur Eames.

The meeting in Precinct 3 was in charge of Richard Quinn, Warden of Precinct 3. He was assisted by the following election officers: Leslie Fish, Bruce Crocker and William Morrissey.

The meetings in each precinct were conducted in accordance with the law and after the close of the polls at 8:00 P.M. when all votes had been canvassed and the results determined in accordance with the statutes, declaration thereof was made in the Town Clerk's Office and was as follows:

The total number of votes cast in Precinct 1 was	2300
The total number of votes cast in Precinct 2 was	940
The total number of votes cast in Precinct 3 was	236
<b>Total</b>	<b>3476</b>

The results were as follows:
